GAURANG JADHAV

Business Operations | Project Management | Cross-Functional Coordination

gaurangjadhav53@gmail.com | +91 93218 81190 | Mumbai, Maharashtra | Gaurang5704 | gaurang-jadhav

SUMMARY

Business operations and project management professional with hands-on experience coordinating cross-functional teams, optimizing workflows, and managing CRM/sales pipelines. Combines strong technical fluency (able to work closely with engineering teams) with a proven ability to improve process efficiency and drive measurable operational results. Fast learner with strong stakeholder communication and problem-solving skills.

INTERNSHIP / WORK EXPERIENCE

HouseSeek.in — Mumbai, Maharashtra

Tech & Business Operations Intern — Jul 2025 – Dec 2025

- Managed end-to-end business operations for a real-estate tech platform, coordinating across sales, marketing, and tech teams to streamline daily workflows
- Improved data accuracy by 70% by auditing and restructuring internal reporting processes, reducing errors in client/property records
- Reduced average turnaround time by 30% by redesigning task-handoff workflows between departments
- Owned CRM management and lead pipeline, handling 150+ monthly lead follow-ups and improving lead-response consistency
- Supported planning and execution of 3 major marketing campaigns, coordinating timelines, content, and cross-team deliverables
- Acted as a liaison between technical and non-technical teams, ensuring project requirements were clearly communicated and delivered on time

PROJECTS

Practo Doctor Appointment Platform

- Independently planned, scoped, and delivered a full booking platform end-to-end, managing the entire project lifecycle from requirements to launch
- Designed user experience for distinct user types (patients and doctors), balancing competing needs in one product

YouTube Clone – Learning Platform

- Coordinated a team project translating user needs into product features (playlists, watch-parties, video upload)
- Managed feature prioritization and collaborated across teammates to deliver a functional product
